Introduction

The Supporting Information includes figures for additional sections not included in the main paper and a table with whole ocean error averages.

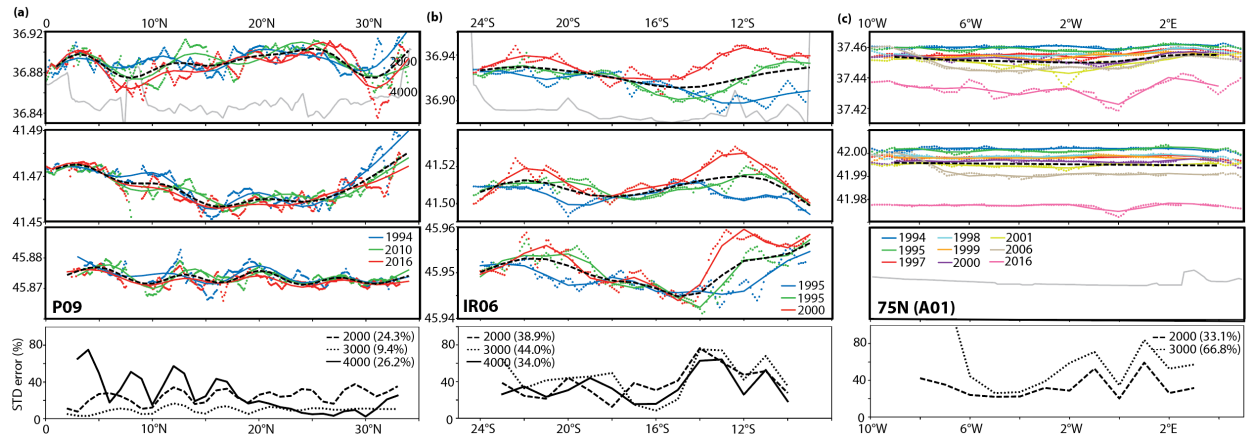

Figure S1. As in Figure 2 of the main paper, for sections from each ocean with higher occupation-to-occupation variance.

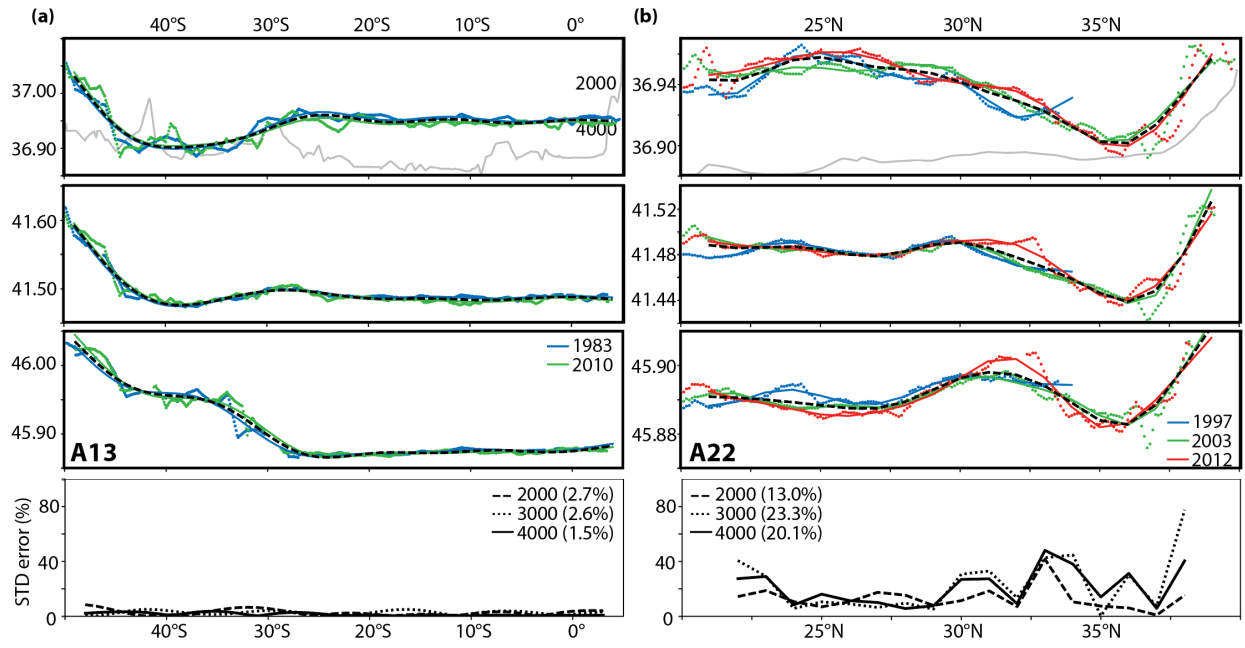

Figure S3. As in Figure 2 of the main paper, for the remainder of the Atlantic sections.

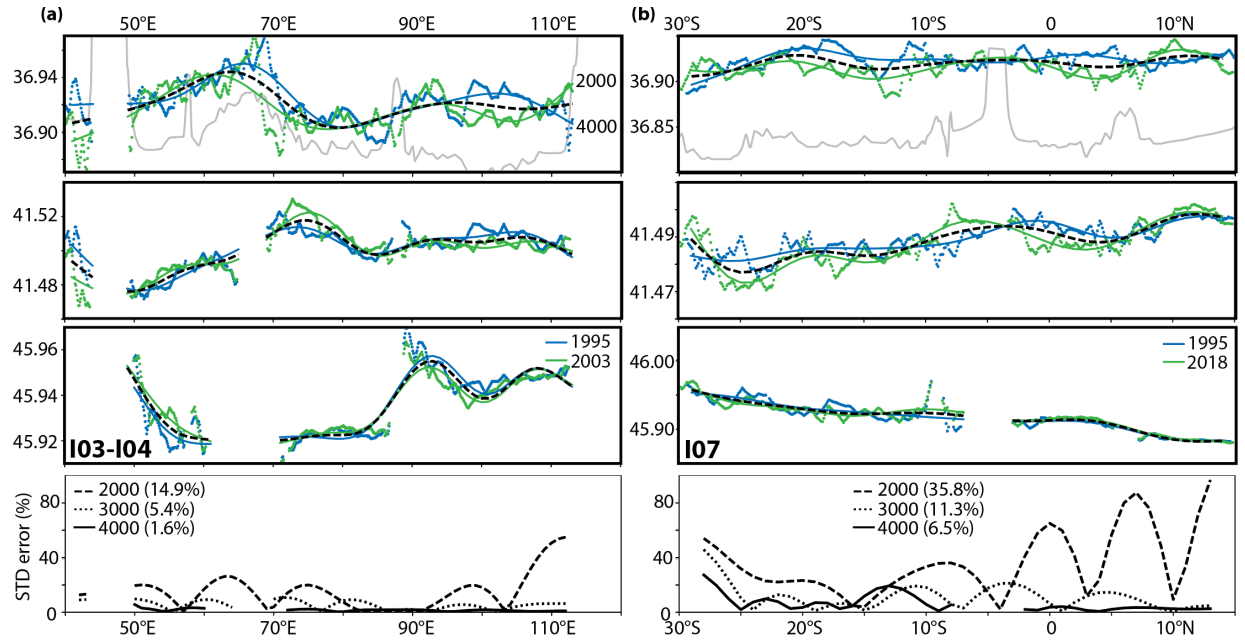

Figure S4. As in Figure 2 of the main paper, for the remainder of the Indian sections.

	Pacific	Atlantic	Indian
2000 dbar	10.6 %	8.4 (11.9) %	22.1 %
3000 dbar	6.5 %	9.5 (17.8) %	13.8 %
4000 dbar	6.7 %	6.9 %	9.8 %

Table S1. Whole ocean error percentages, averaged over all sections shown in the main paper and Figures S1-S4. For the Atlantic, the 75N section (Figure S1c) is excluded, with the average value including it shown in parentheses.
